

# **SIMPLE PAINTS TO MAKE AT HOME**

## **PUFFY PAINT**

Mix equal parts flour, salt and water together, add food colouring. Paint or use a squeeze bottle to create a design on cardboard. Microwave the design on high for 10 - 30 seconds until paint puffs and is dry.

## **LUX FLAKE PAINT**

Dissolve lux flakes in hot water. Mix with a mixer or blender until smooth and fluffy. Add food colourings. Use fingers, popsticks or brushes to create a design on paper.

## **CORNFLOUR PAINT**

Mix two tablespoons cornflour with two tablespoons cold water. Add to one cup of boiling water and stir until mixture thickens. Let cool and add food colourings.

## **SHAVING CREAM PAINT**

Mix two cups of shaving cream with 1/3 cup PVA glue. Add tempura paint or food colourings for colour. Best used soon after mixing.

## **MAGIC CRYSTAL PAINT**

In a saucepan combine two cups of water and two cups of Epsom salt and bring to the boil. Stir the mixture and allow to cool. Add food colouring.
